

Dr. Kevin Hill Presents: Marijuana: The Unbiased Truth

Unfortunately, a lot of what you've heard about marijuana is either incomplete or untrue. Are you interested in learning the evidence-based truth? Join us on March 14th as one of the world's experts in marijuana will uncover the truth about the risks and benefits of this controversial plant.

He treats patients with substance use disorders in a variety of settings. His research interests include the development of medications to treat cannabis use disorder as well as cannabis policy, and he has published widely on these topics in such journals as *JAMA* and *Lancet Psychiatry*. He provides a balanced, evidence-based approach to cannabis and his book *Marijuana: The Unbiased Truth about the World's Most Popular Weed* is a valuable resource for many. He consults on cannabis-related issues to policy-makers and prominent sports organizations nationwide.
